- NOTES
1. Planting to be carried out after minor regrading and drainage improvements have been completed.
  2. To reduce the risk of soil erosion and slippage, a ground cover grass mix should also be established before planting.
  3. See separate notes on suggested grass mix for Landscape Areas 2 and 3, (total area approx 455 m2, and wildflower/grass mix for Landscape Area 5 (approx 300 m2).
  4. See separate schedule for total plant numbers.
